

Earth Day Art Contest: Compliments of **Iroquois Koch**, Fox Hollow Elementary School, Lehi

# Earth Day eWaste Clean Up Event—Lehi

Friday 27 May 2022  
Saturday 28 May 2022

## Awesome Community Partners

Computers  
for kids Inc.

### Event Dates:

**Friday 27 May 2022 from** 9am to 3pm for donations. Volunteering till 6pm.

**Saturday 28 May 2022 from** 9am to 3pm for donations. Volunteering till 6pm.

### Where:

Mountainland Technical College, Ashton Boulevard Lehi 84043. Drive through donations.

### Impact:

Establish an annual eWaste and Computer Clean Up for businesses and residents in Utah to reduce eWaste in landfills, ensure eWaste is recycled responsibly and ethically, to refurbish and repurpose high performing digital devices for students and communities in need.

### Computer Waiting List?

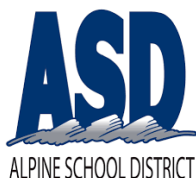

There are currently 3,000 Utah students on the waiting list for a computer device from Computers for Kids. To date, Computers for Kids have distributed over 1,500 computers to students in Utah.

### Who collects the e-Waste?

Computers for Kids is a Boise-based non-profit and is one of the USA's leading technology refurbishers and has distributed over 50,000 refurbished computers to at risk and low-income kids and students nationwide over the past 19 years.

### About Computers for Kids:

Computers for Kids has recycled more than 20,000 tons of eWaste over the past 19 years. They have distributed over 50,000 refurbished computers and devices to kids nation-wide. More information here: [www.cfkutah.org](http://www.cfkutah.org)

## Can I claim my donation?

Yes, you can receive a donation slip to claim your donation with the IRS.

## What is eWaste?

e-Waste are end-of-life electronics and includes just about anything that is battery operated or power operated. Examples are computers, monitors, printers, cell phones, iPads, tablets, devices, cameras, radios, fans, microwaves, toasters, vacuums. [View list of what can be recycled](#)

## What is not accepted in this clean up:

The e-Waste clean-up will not take fridges or CRT TVs and computer monitors. CRT is a cathode-ray tube or a vacuum tube which contains lead and toxic phosphor dust. They are need to be 'de-manufactured' which can only be done by certain certified hazardous e-Waste recyclers.

## What will it cost to donate my e-Waste?

There is no cost associated with donating accepted eWaste during this clean-up campaign. To dispose of CRTs, contact your local Best Buys. There is usually a de-manufacturing fee.

## What happens to the data on hard drives?

Computers for Kids has over 20 years of experience in securely erasing data. Their commercial entity, Secure Erase is one of only 3 USA companies certified and licensed to erase all data from every hard-drive no matter the device or where it came from (computers, tablets, phones, copiers etc).

## Want to Volunteer?

We'd love your assistance and need volunteers. Register here:

<https://www.cfkutah.org/volunteering>

## Can my business or organization donate computers before April?

If your company or organization has bulk computers or e-Waste to donate before the Earth Day clean up event, contact Sydney at Computers for Kids to discuss arrangements: 208.345.0346.
